“In improvisation,
there are no mistakes”

Miles Davis

Juggling
is
rhythm

Music
is
rhythm

If
 $a=b$
and
 $b=c$
then
 $a=c$

Juggling
is
music.

Jazz juggling is
ensemble
club passing
based on
improvisation.
Each member has a
role
to play
while passing
on impulse,
bounded by a beat
and
a set
of jazz juggling
rules.
Not only are the
passes
varied and
improvised
but so are the
positions.

Through
play
and
discipline
one becomes
free

“It doesn't matter
how you get there
if you don't know
where you're going”

Dmitri Karamazov
