Figure #1 – Lasqueti Yacht Club 1978 Roster

As can be seen from Figure #1, the Lasqueti Yacht Club has been in existence for over 40 years. This 1978 roster still has some familiar names on it and if you would like to know more about the early years, contact Karl, Richie or Angus who will be able to fill you in on all the details. Of interest is the position of Fleet Surgeon, ably filled at the time by Linda Gillespie! One can only wonder about her official duties but let's leave that alone and let Karl, Richie or Angus explain it all when next you meet up with them.

After several years of existence in the 80's, the Club slid into dormancy and remained that way until a chance meeting occurred between Karl Darwin and Sandy Gillespie in 2015. Sandy asked Karl about the

Yacht Club Line of Credit Account that had been languishing away for decades at the RBC Bank in Parksville.

Upon investigation, Karl discovered that the account held several thousand dollars that had been built up over the years!

What better excuse to resurrect a Yacht Club!?

The inaugural meeting of the newly resurrected Club was held on July 16th, 2015 at the pub. The proposed agenda is Figure #2 below:
